

Valentine's Day Luminaries

“Let Your Love Shine”

Send a love note to someone special whom you cherish and miss this Valentine's Day. Below is the front and back of the note/card that will be attached to your luminary. A blank side is available for you to write a personalized note. This can be typed (by us) or you have the option to hand write your note. The example below is the exact size of the note/card being used. You can make this short and sweet or very detailed, however any wording must not exceed the space given.

Would you like this typed (by us) or in your own hand writing?

Typed Hand Written
